

MAGICOOL

Magicool® Black Butterfly CPU Cooling Block

As a professional OEM manufacturer in Computer liquid cooling area, Magicool®'s product line covers all liquid cooling components, especially different size of heat exchangers, water tanks, pumps, cooling blocks and accessories. Excellent price-performance ratio and reliable quality make Magicool® products unique.

With their compact design and top cooling performance, more and more users choose the Magicool® CPU blocks as their cooling block. The copper base with micro channels is especially designed for maximum heat absorbing from CPU, while the parallel coolant channels reduce liquid resistance to a minimum achieving the best performance. With universal mounting clip the block can be installed on common CPU sockets like I366, AM2, S775, S478, AMD64, S462 etc., and the integrated G1/4" threads allow easy installation of all common fittings and barbs.

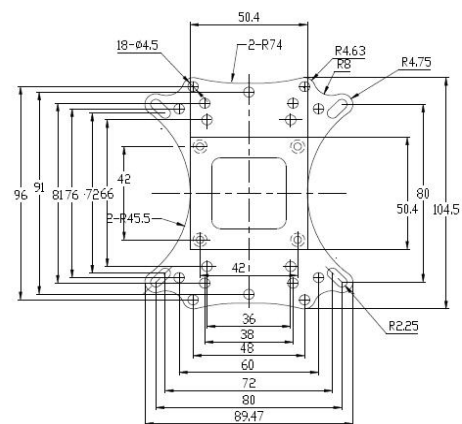

Mirror-polished copper base

different accessories included in delivery

Section Drawing

FEATURES:

- Copper micro channels designed for maximum heating absorbing.
- High flow design to reduce liquid resistance.
- Fiber Glass Nylon cover for durable use without deforming
- Universal mounting holes for flexible and easy installation.
- Compact size for easy mounting on M/Bs.

Specifications

Copper base (L x W x H)	: 50,4 x 50,4 x 9 mm
Total dimensions (L x W x H)	: 80,5 x 104,5 x 25 mm
Hose Connector	: G 1/4"
Weight	: approx. 175 g
Material	: Copper base, fiber glass nylon cover
Mounting	: M4 screws
Compatible with	: i5/i7/AM2/AM2+/AM3/S775/S478/ S754/S939/S940/S462/Intel Xeon

Delivery includes

1x universal CPU Block
4x M4 screws and spring
4x thumb screws and nuts
8x washer
1x thermal grease
